CloudForms Introduction

Discover, Optimize, and Control your Hybrid IT

Red Hat's Vision:

...We believe open, hybrid technology is the future of IT. The operating system for the cloud is open source. Hybrid IT is a reality in every organization, and ultimately, open technology gives you control over today's trends and your own future. ..

- **Private:** Red Hat Virtualization, Red Hat OpenStack Platform, Red Hat OpenShift Container Platform, VMware vSphere, Microsoft SCVMM
- **Public:** Amazon EC2, Microsoft Azure, Google Compute Engine
- **Hybrid:** Any combination of the above
- **Bare Metal:** Red Hat Satellite 6
- **Configuration:** Ansible Tower, Embedded Ansible

Features

Discover existing objects like VMs,
Instances, Clusters, Hosts, ...

ACCESS THE LAB

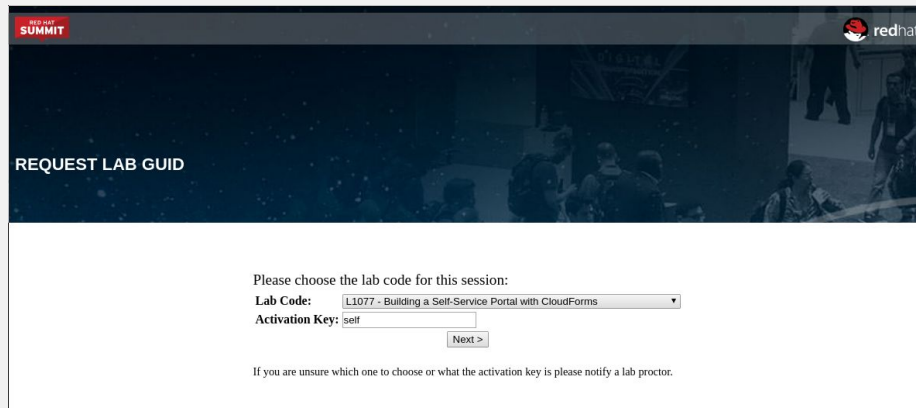

Access your Lab

Each attendee will get their **own cloud-based lab** environment.

Each attendee needs a **unique identifier (GUID)**

Get the GUID:

- Bring up the **homepage** on your browser
- Choose Lab: **L1077**
- Activation Key: **self**
- Click **Next**

RED HAT SUMMIT

redhat

REQUEST LAB GUID

Please choose the lab code for this session:

Lab Code:

Activation Key:

If you are unsure which one to choose or what the activation key is please notify a lab proctor.

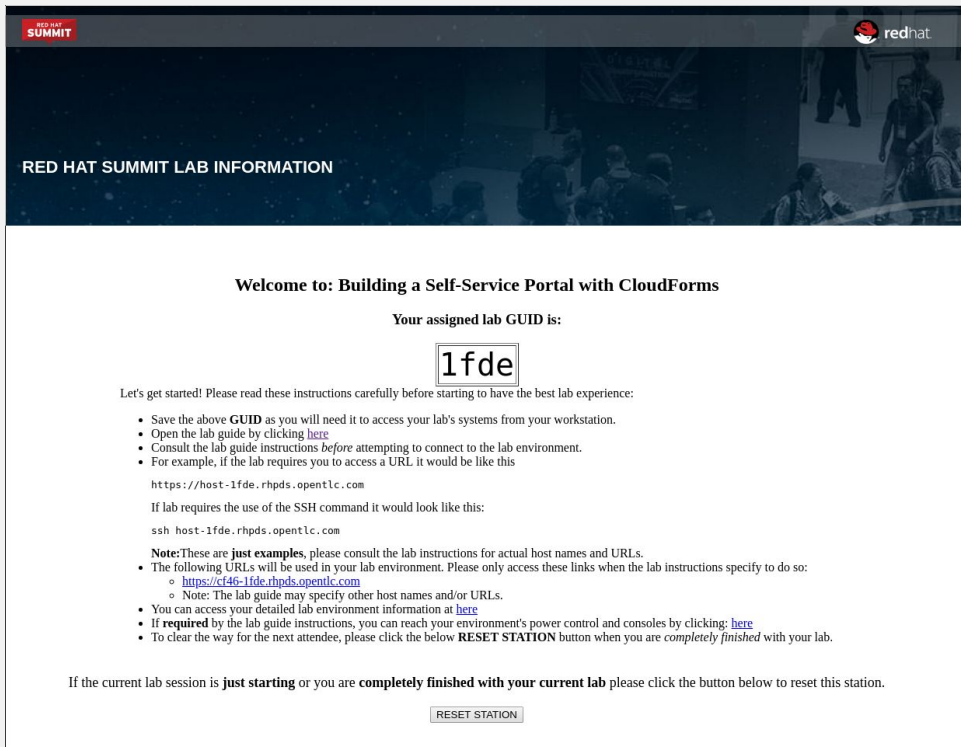

Access your Lab

On the next page you get your locked GUID,
keep it at hand

Access the Lab Guide:
the link in the info page:

“Open the lab guide by clicking here”

Follow the lab guide

The screenshot shows the 'RED HAT SUMMIT LAB INFORMATION' page. At the top, there's a header with 'RED HAT SUMMIT' and the Red Hat logo. Below the header, the main title is 'RED HAT SUMMIT LAB INFORMATION'. The content area starts with a welcome message: 'Welcome to: Building a Self-Service Portal with CloudForms'. It then states 'Your assigned lab GUID is:' followed by a box containing the GUID '1fde'. Below this, it says 'Let's get started! Please read these instructions carefully before starting to have the best lab experience:'. There are three bullet points: 'Save the above GUID as you will need it to access your lab's systems from your workstation.', 'Open the lab guide by clicking [here](#).', and 'Consult the lab guide instructions before attempting to connect to the lab environment.' It then gives an example URL: 'https://host-1fde.rhpdn.opentlc.com'. It also shows the SSH command: 'ssh host-1fde.rhpdn.opentlc.com'. A note follows: 'Note: These are just examples, please consult the lab instructions for actual host names and URLs.' Another bullet point states: 'The following URLs will be used in your lab environment. Please only access these links when the lab instructions specify to do so:'. It lists two URLs: 'https://cf46-1fde.rhpdn.opentlc.com' and 'https://cf46-1fde.rhpdn.opentlc.com'. A final bullet point says: 'You can access your detailed lab environment information at [here](#).' It also mentions that if required by the lab guide instructions, users can reach their environment's power control and consoles by clicking: [here](#). The last bullet point says: 'To clear the way for the next attendee, please click the below RESET STATION button when you are completely finished with your lab.' At the bottom, it says: 'If the current lab session is just starting or you are completely finished with your current lab please click the button below to reset this station.' and there is a 'RESET STATION' button.

RED HAT SUMMIT LAB INFORMATION

Welcome to: Building a Self-Service Portal with CloudForms

Your assigned lab GUID is:

1fde

Let's get started! Please read these instructions carefully before starting to have the best lab experience:

- Save the above GUID as you will need it to access your lab's systems from your workstation.
- Open the lab guide by clicking [here](#).
- Consult the lab guide instructions before attempting to connect to the lab environment.

For example, if the lab requires you to access a URL it would be like this

`https://host-1fde.rhpdn.opentlc.com`

If lab requires the use of the SSH command it would look like this:

```
ssh host-1fde.rhpdn.opentlc.com
```

Note: These are just examples, please consult the lab instructions for actual host names and URLs.

- The following URLs will be used in your lab environment. Please only access these links when the lab instructions specify to do so:
 - <https://cf46-1fde.rhpdn.opentlc.com>
 - Note: The lab guide may specify other host names and/or URLs.
- You can access your detailed lab environment information at [here](#).
- If required by the lab guide instructions, you can reach your environment's power control and consoles by clicking: [here](#).
- To clear the way for the next attendee, please click the below RESET STATION button when you are completely finished with your lab.

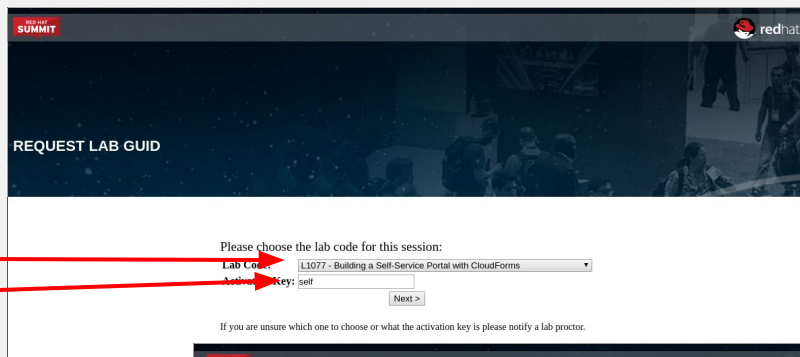

If the current lab session is just starting or you are completely finished with your current lab please click the button below to reset this station.

RESET STATION

Summary

- Choose lab: **L1077**
- Activation key: **self**
- Get GUID
- Access Lab Guide:
“Open the lab guide by clicking here”
- Follow the guide and start your lab!

Password is always:
r3dh4t1!
