CloudForms Introduction

Discover, Optimize, and Control your Hybrid IT

Red Hat's Vision:

...We believe open, hybrid technology is the future of IT. The operating system for the cloud is open source. Hybrid IT is a reality in every organization, and ultimately, open technology gives you control over today's trends and your own future. ..

- **Private:** Red Hat Virtualization, Red Hat OpenStack Platform, Red Hat OpenShift Container Platform, VMware vSphere, Microsoft SCVMM
- **Public:** Amazon EC2, Microsoft Azure, Google Compute Engine
- **Hybrid:** Any combination of the above
- **Bare Metal:** Red Hat Satellite 6
- **Configuration:** Ansible Tower, Embedded Ansible

Features

Discover existing objects like VMs,
Instances, Clusters, Hosts, ...

Ansible Introduction

SIMPLE

Human readable automation

No special coding skills needed

Tasks executed in order

Usable by every team

Get productive quickly

POWERFUL

App deployment

Configuration management

Workflow orchestration

Network automation

Orchestrate the app lifecycle

AGENTLESS

Agentless architecture

Uses OpenSSH & WinRM

No agents to exploit or update

Get started immediately

More efficient & more secure

CENTRAL

Central place for everyone

Overview of present and past

Create workflows, schedule jobs

Have one common view

INTEGRATION

Simple, powerful API

Uses REST for quick adoption

No special agents or lib needed

Integrate with everything

ACCESS

Teams and users enable RBAC

Deposit credentials securely

Assign access to unprivileged

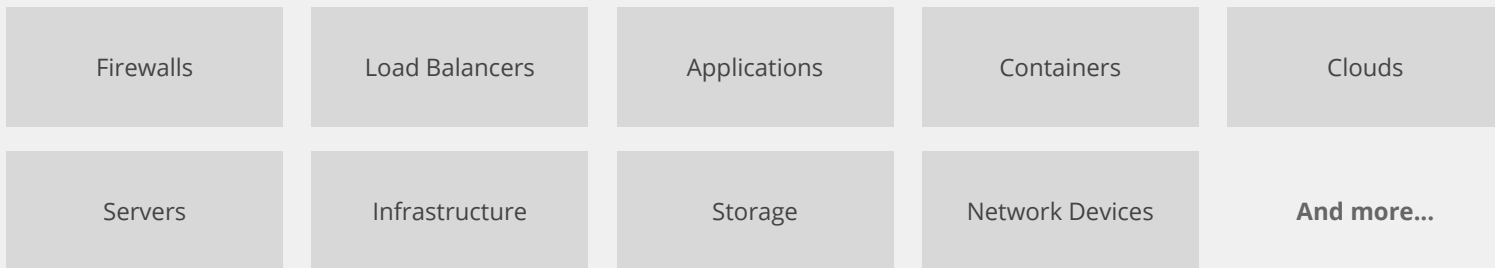

Separate access and execution

Automate the deployment and management
of your entire IT footprint.

Do this...

On these...

Access the Lab

Access your Lab

Each attendee will get their **own cloud-based lab** environment.

Each attendee needs a **unique identifier (GUID)**

Get the GUID:

- Bring up the **homepage** on your browser
- Choose Lab: **L1078**
- Activation Key: **better**
- Click **Next**

RED HAT SUMMIT

redhat

REQUEST LAB GUID

Please choose the lab code for this session:

Lab Code:

Activation Key:

[Next >](#)

If you are unsure which one to choose or what the activation key is please notify a lab proctor.

redhat.

RED HAT SUMMIT

Access your Lab

On the next page you get your locked GUID,
keep it at hand

Access the Lab Guide:
the link in the info page:

“Open the lab guide by clicking here”

Follow the lab guide

The screenshot shows the 'RED HAT SUMMIT LAB INFORMATION' page. At the top, there's a header with the Red Hat Summit logo and the Red Hat logo. Below the header, the page title 'RED HAT SUMMIT LAB INFORMATION' is displayed. The main content area has a dark blue background with a photo of people at a summit. The text 'Welcome to: CloudForms with Ansible - Better together!' is centered. Below this, it says 'Your assigned lab GUID is:' followed by a box containing the GUID '70c2'. A paragraph follows: 'Let's get started! Please read these instructions carefully before starting to have the best lab experience:'. There are four bullet points: 1. Save the above GUID as you will need it to access your lab's systems from your workstation. 2. Open the lab guide by clicking [here](#). 3. Consult the lab guide instructions before attempting to connect to the lab environment. 4. For example, if the lab requires you to access a URL it would be like this: `https://host-70c2.rhpdn.opentlc.com`. Below the bullet points, it says 'If lab requires the use of the SSH command it would look like this:' followed by the command `ssh host-70c2.rhpdn.opentlc.com`. A 'Note' follows: 'These are just examples, please consult the lab instructions for actual host names and URLs. The following URLs will be used in your lab environment. Please only access these links when the lab instructions specify to do so:'. There are two sub-bullets: 1. You can access your detailed lab environment information at [here](#). 2. Note: The lab guide may specify other host names and/or URLs. Below the note, there are two more bullet points: 1. If required by the lab guide instructions, you can reach your environment's power control and consoles by clicking: [here](#). 2. To clear the way for the next attendee, please click the below RESET STATION button when you are completely finished with your lab. At the bottom of the main content area, there is a button labeled 'RESET STATION'. The footer of the page contains the Red Hat logo, the copyright notice 'Copyright ©2018 Red Hat, Inc.', and the Red Hat Summit logo.

RED HAT SUMMIT LAB INFORMATION

Welcome to: CloudForms with Ansible - Better together!

Your assigned lab GUID is:

70c2

Let's get started! Please read these instructions carefully before starting to have the best lab experience:

- Save the above GUID as you will need it to access your lab's systems from your workstation.
- Open the lab guide by clicking [here](#)
- Consult the lab guide instructions before attempting to connect to the lab environment.
- For example, if the lab requires you to access a URL it would be like this

`https://host-70c2.rhpdn.opentlc.com`

If lab requires the use of the SSH command it would look like this:

```
ssh host-70c2.rhpdn.opentlc.com
```

Note: These are just examples, please consult the lab instructions for actual host names and URLs. The following URLs will be used in your lab environment. Please only access these links when the lab instructions specify to do so:

- [https://c146-70c2.rhpdn.opentlc.com](#)
- Note: The lab guide may specify other host names and/or URLs.

- You can access your detailed lab environment information at [here](#)
- If required by the lab guide instructions, you can reach your environment's power control and consoles by clicking: [here](#)
- To clear the way for the next attendee, please click the below RESET STATION button when you are completely finished with your lab.

If the current lab session is just starting or you are completely finished with your current lab please click the button below to reset this station.

RED HAT SUMMIT

Summary

- Choose lab: L1077
- Activation key: self
- Get GUID
- Access Lab Guide:
“Open the lab guide by clicking here”
- Follow the guide and start your lab!

Password is always:
r3dh4t1!

The image shows two screenshots of the Red Hat Summit lab interface. The top screenshot is the 'REQUEST LAB GUID' page. It has a dark header with the Red Hat Summit logo. The main content area is white. It says 'Please choose the lab code for this session:' followed by a dropdown menu showing 'L1078 - CloudForms with Ansible - Better together!'. Below that is 'Activation Key: better' and a 'Next >' button. A red arrow points from the first bullet point to the dropdown menu. Another red arrow points from the second bullet point to the 'Activation Key' field. The bottom screenshot is the 'RED HAT SUMMIT LAB INFORMATION' page. It has a dark header with the Red Hat Summit logo. The main content area is white. It says 'Welcome to: CloudForms with Ansible - Better together!' followed by 'Your assigned lab GUID is:' and a box containing '70c2'. Below this is a list of instructions. A red arrow points from the third bullet point to the '70c2' box. Another red arrow points from the fourth bullet point to the 'https://host-70c2.rhps.openshift.com' URL. A third red arrow points from the fifth bullet point to the 'ssh host-70c2.rhps.openshift.com' command. At the bottom of the page is a 'RESET STATION' button. The footer contains the Red Hat logo, 'Copyright ©2018 Red Hat, Inc.', and the Red Hat Summit logo.

REQUEST LAB GUID

Please choose the lab code for this session:

Lab Code: L1078 - CloudForms with Ansible - Better together!

Activation Key: better
